**Re: Notice of *Ex Parte* Communication
WT Docket No. 12-70; PS Docket No. 12-94**

Dear Ms. Dortch:

On June 7, 2012, Kevin Krufky, Vice President, Public Affairs, Americas Region and the undersigned, of Alcatel-Lucent, met with Commissioner Ajit Pai, Gene Fullano, and Courtney Reinhard each of Commissioner Pai's office. In the meeting, Messrs. Krufky and Marks described Alcatel-Lucent and its role as a leader in mobile, fixed, IP and optics technologies, and a pioneer in applications and services, in the United States and throughout the world.

In discussing matters before the Commission, Messrs. Krufky and Marks broadly advocated that the Commission continue its efforts to allocate spectrum to terrestrial broadband services. The meeting attendees also discussed the forthcoming nationwide public safety broadband network. The Comments submitted by Alcatel-Lucent in PS Docket 12-94 on April 20, 2012 served as the basis of that discussion.

Please contact the undersigned with any questions in connection with this submission.

Respectfully submitted,

/s/

Jeffrey A. Marks
Senior Counsel – Director
Public Affairs, Americas Region
